Subject:- WAR INJURIES REGULATION - RECOGNITION OF THE FIRST AID PARTIES, POSTS, HOSPITALS AND DISPENSARIES FOR THE PURPOSES OF:

SIR,

With reference to your letter No.2608/W dated 9-12-1942, calling for proposals in consultation with the Senior Surgeon, I have the honour to enclose a copy of letter received from the Senior Surgeon regarding the above and to state as follows:-

Under the A.R.P. Scheme, the Local-Fund Dispensaries situated in the classified towns are treated as First-Aid Posts, where only light casualties are treated, the more serious ones being sent to the major hospitals for treatment as in-patients. Therefore, there is no necessity to make any arrangement for the safe custody of the patients' clothing and valuables at the several First-Aid Posts. Arrangements have however to be made in the major hospitals, where serious casualties are taken for treatment, for the custody of the patient's clothing and valuables, particularly in the case of women casualties, by entrusting this work to responsible officers attached to the several major hospitals and giving them necessary clerical assistance from out of the available clerical staff of the hospitals or by posting extra men if necessary. The First-aid posts during the time of emergency will have to be provided with a clerk each, for the preparation of the necessary records of casualties stipulated under the War Injuries Scheme and for their prompt transmission to the certifying authorities. Similar arrangements will have to be made in the major hospitals also as the Doctors in charge of First-Aid Posts and Hospitals will be fully engaged in attending to the

the casualties that are brought for treatment and therefore will not be able to prepare these records at the same time without clerical assistance.

As suggested by the Senior Surgeon in his letter, a Central Record Section may be had in the Senior Surgeon's Office; for purposes of references and for any other information that may be required in this connection.

There appears to be no need for the endorsement of Form "E" by the A.R.P. Officers as this form is a certificate of disability issued by the certifying authority and therefore can be sent directly to the Claims Officer. The Claims Officer on the strength of this, decides the eligibility of the person to obtain compensation and the amount of compensation due to him under the scheme.

These points were discussed by the A.R.P. Officer with the Senior Surgeon who has agreed to these proposals.

As suggested in the second para of the Senior Surgeon's letter, all A.R.P. medical personnel as well as the approved First-Aid Posts in charge of the qualified Medical Officers, will have to be recognised as organisations functioning under War Injuries' Regulation as per Rule 3 of the Regulation.

The question of supplying the necessary forms required under the scheme to the several First-Aid Posts, Hospitals etc., may be taken up when the need arises. Till such time, this may be treated as a paper scheme.

I have the honour to be,
Sir,
Your most obedient servant,

KVN.

Letter No.A.R.P.199 dated 11th May 1943, from the Senior Surgeon with the Government of Mysore, Bangalore, to the Inspector General of Police in Mysore, Bangalore.

Subject:- WAR INJURIES REGULATIONS - RECOGNITION OF FIRST AID PARTIES, HOSPITALS AND DISPENSARIES FOR THE PURPOSE OF:

.....

With reference to your memo No.A.R.P.551/42-43 dated the 26th January 1943,, on the above subject, I have the honour to state that clerical staff should be provided to keep records of casualties and their treatment at every First Aid Post and at every Hospital, including arrangements for the custody of patients clothing and valuables. A Central Records Section will also be required. Duplicate casualty lists should be prepared and one copy sent to the local A.R.P. Officer and the other to the Central Records Section in the Senior Surgeon's Office. Submission of casualty lists to Claims Officer and the endorsing of Form "E" can both be entrusted to the respective A.R.P. Officers.

All A.R.P. medical personnel as well as approved private first aid posts in charge of qualified medical officers will have to be recognised as organisations functioning under the War Injuries Regulations and the necessary forms and labels will have to be supplied to the first aid posts, casualty hospitals and first aid parties.
